

# Bush, Nowhere To Go But Everywhere

I been looking for a starter kit  
Finding ways to keep it lit  
Know your rights  
It's not a game  
Flesh and blood on the interstate

I wish I knew myself better  
I wish I knew myself more, galore

I was so much younger then  
Thought life would never end  
I was so much younger then  
Me and all my friends  
Impermanence  
Impermanence

I dream of Ezra and I dream of gold  
Never put your life on hold  
Better swim against the tide  
Than drown yourself in a sea of lies

I wish I knew myself better  
I wish I knew myself more, galore

I was so much younger then  
Thought life would never end  
I was so much younger then  
Me and all my friends  
Impermanence  
Impermanence  
Impermanence

Nowhere to go but everywhere  
Nothing to see but everything, everything  
Nowhere to go but forward  
Nowhere to go without me

I was so much younger then  
Thought life would never end  
I was so much younger then  
Me and all my friends  
Me and all my friends

I was so much younger then  
Thought life would never end  
I was so much younger then  
Me and all my friends  
Impermanence  
Impermanence  
Impermanence

I was so much younger then
