

# Bush, Old (Butane Or All Away)

there useless boy (?)  
can't you wait, now annoyed  
wash his hands before he's shake  
once at close, far away

he's been around, all the way  
nothing left give it all away  
give it all away

tell me you're the jack of straights (?)  
eat the ones that's on my plate  
my eyes burn, eyes \_\_\_\_\_ (?)  
talk to me it's good to live

he's been around, all the way  
nothing left, gave it all away  
give it all away, gave it all away

gave it all away

everyday, give yourself away  
coming undone in that humamn way  
human way

been around, all the way  
nothing left, gave it all away  
he's been around, all the way  
nothing left, give it all away  
give it all away

give it all away  
gave it all away  
give it all away  
give it all
