

Bust A Groove, Hello Kitty! (Kitty N's Song)

A brand new day is right here coming
And I have a date with my darling
picking dresses for my date la-la-la-la-la

Put some make up all nice and tight
Try winking to myself
Don't I look lovely and so cute, in the mirror

La-la, I feel good and so fine
ever in my life
it's so great Lord
they're full of dreams
brimming all the endless ones!

So come close
check me out
I'm so hot, and bright, and so ready
Nobody could get in my way, yeah yeah
You can't let me down
'cause I don't have time to be wastin
Lipstick on me and I'll be all right baby

::Instrumental::

La-la, I feel good and so fine
ever in my life! it's so great Lord
they're full of dreams
brimming all the endless ones!

So come close

I'm so hot, and bright, and so ready
nobody could get in my way, yeah yeah!
You can't let me down
'cause I don't have time to be wastin
Lipstick on me and I'll be all right baby
Lipstick on me and I'll be all right baby
