Give it away, give it away, give it away now
Give it away, give it away, give it away now
Just give it away nigga, yeah, here we go now
Tell me wat'chu really wanna do, come here, ma
Talk to a nigga, talk with me
You look like you could really give it to a nigga
From the way you talk and the way ya try to walk for me
The way you really try to put it on a dawg
Threw ya hips like ya never did before for me
The way you break yo' back and I break yo' neck
And the way you try to put it on the floor for me
Come on, come on, come on, oh, yeah
Tell me where my niggas is at okay
Lemme address y'all niggas one time
While I lock that down, and I hit'cha wit that
That bomb shit, y'all niggas gone all day, be the nigga in the drop
Y'all niggas know every time I come through
This motherfucker, where we always takin' the ride
So let me do this bitch
Y'all niggas know when we come, we be makin' it flop
The way we makin' it hot'll make a nigga wanna stop
Get money, then cash that check for me
All my niggas just bust yo' tech for me
Everybody from every hood bang yo' head
Till you break your motherfuckin' head for me
Just let me give you real street shit
To rap in yo' shit with
We clap yo' seat, we whyle this heat
Keep bouncin' up and down these streets
So nod ya head and
Break ya neck, nigga
Break ya neck, nigga
Break ya neck, nigga
Bang ya head until you start to
Break ya neck, nigga
Break ya neck, nigga
Break ya neck, nigga
Break ya neck
Come along now, let's put it down, nigga
When I bounce back and you know
I done caught my breath, y'all niggas all know how we do
When the way we bang niggas in the head, and we do it to death
We fold 'em back whodi, the fire boy
You know we bakin' a ounce
I know you love the way we be
Givin' you the music, makin' you bounce
Now fuck it up just a little for my niggas
Every time we come through niggas
Know that we did it for y'all
And the way we do it for the people
Niggas know we always give it to y'all
I said bounce, come on
In the day time or the night, when ya creepin' along
Well, just bang this shit up in the truck
While you break yo' neck, now motherfucker try to figure my flow
See the way we come right through
When we come right through

We be always blowin' the spot, again and again
And make a nigga really wanna stop
Better tell yo' crew, yo' peeps
All my niggas better put they troops on
And gather up your soldiers nigga
You know you better keep yo' boots on
All my niggas in the place, aiyyo
Wave your hands high now and the way we put it down
Make a nigga wonder what he really gonna try now
What'cha really wanna do?
Just place your bet
And put'cha money where ya mouth is
All my niggas in the street
Just break yo' neck and keep on bouncin'
Just let me give you real street shit
To rap in yo' shit with
We clap yo' seat, we whyle this heat
Keep bouncin' up and down these streets
So nod ya head and

Bang ya head until you start to
Break ya neck, nigga
