

Butterfingers, Skew

Fire is a curse?
Fire is a curse to us
Can't you see?
Bootlegs staggered licks
Never pleased
Got a gelatine stuck right in my brain
Let it loose
Let it rain
Entertain
Time stops ticking but everythings faster
Fire has a spell on us...HISTORY
Toothpaste...lemonade..cavities..
Got a porcelain necklace round the spade
Let it fuse
Let it sprain
Act a teen
Act like a TEEN.
Time stops ticking but everthings faster
Gotta git'cha us a hot night
In the land of bliss all night
Alexander cite corn fanny
Make my day!..
Time stops ticking but everythings faster...!
