

By Heart, Brother

Brother, my intentions they are pure
I'd rather fight for you than in the holy war
Which I am not connected to
I've been a hundred miles away
There's nothing words can say
But brothers we are
Oh, brothers we are

You are the star tonight
It's 1989, so take your time
It's a once in a lifetime
Once in a lifetime-deal
You are the star tonight
So brother, make it right
And hit the lights
It's a once in a lifetime
Once in a lifetime-deal

Brother, you and I we look the same
You might not want to know
But that's what I've been told
And heroes don't come easily
In a hundred years from now
We've lost the track of time
But brothers we are
Oh, brothers we are

You are the star tonight
It's 1989, so take your time
It's a once in a lifetime
Once in a lifetime-deal
You are the star tonight
So brother, make it right
And hit the lights
It's a once in a lifetime
Once in a lifetime-deal

Once in a lifetime, once in a lifetime
Once in a lifetime chance

You are the star tonight
It's 1989, so take your time
It's a once in a lifetime
Once in a lifetime-deal
You are the star tonight
So brother, make it right
And hit the lights
It's a once in a lifetime
Once in a lifetime-deal
