

Byz, One Love

And I wonder where you are
where is my star
Where is the girl that Ive been looking for
Is she alive or will I search no more
And I wonder where you live
Who will give me the love
One love, from beneath, from above, one love
My lady my baby you
I love you
The most beautiful, wonderful part of me
Bring me joy when Im down
Youre all around, take care of me
here with me, share with me
all the things you know I need
All the things I need to precede
And ___ you are the only one to cary my seed
And I trust you like my best friend,
All the doubt disappear when youre ___ to the real end
And I take your hand
And I understand
That me without you is like a boat on land
A ring without a hand
A beatch with out this
And wife without a man
But your eyes turnes blurry
You kiss me on the lips and tell me not to worry
And then you look me in the eyes and say
I love you I know that I will meet you one day
And then you picture fades away and Im alone
i cant belive it, I cant move
my flech turnes to stone
I feel the emptyness all over me
It was just sekundes ago
when you was holding me
If I could I would cry
because I dont know why
I should try, cause I dont even know if you are alive
but still I belive and say may be someday Ill find me lady
And I wonder where you are
where is my star
Where is the girl that Ive been looking for
Is she alive or will I search no more
And I wonder where you live
Who will give me the love
One love, from beneath, from above, one love
This is fot the lady I love
The most beautiful girl
Thinking of her makes me love this world
Ths universe
This love is true , cause baby I feel alive when I think of you
Its not the way you move, its not your lovley smile
Its everything you do, thats make me melt like ice
Its not your beautiful life, its everything you are
That keeps me awake aon the nights, oh baby your my star
You can break my heart, and you can make me cry
We can begin from the start, and it makes me smile
It makes me feel so fine, yeah I feel so good
Cause youre the light in my life, and Im so in love with you
Youre allways on my mind and youre my sunshine when it rains
When I'm alone youre my friend , next time I close me eyes well meet again
And well spend days, years this life is together
Cause retard (?) I love you now and forever
But youre the air that I breath,youre the love that I feel
Youre the strenth in my knes so I can stand on my feet

You make my life complete, baby you rule my world
One you, one me, two hearts, one love
And love is such a wonderful feeling, but damn my soul is screaming
God damn my heart is bleeding, cause you only exist when I'm dreaming
And I wonder where you are
where is my star
Where is the girl that I've been looking for
Is she alive or will I search no more
And I wonder where you live
Who will give me the love
One love, from beneath, from above, one love
(french speaking)
And I wonder where you are
where is my star
Where is the girl that I've been looking for
Is she alive or will I search no more
And I wonder where you live
Who will give me the love
One love, from beneath, from above, one love
