

C.C. Catch, If I Feel Love

Heaven baby stand the heat
It's so dangerous- love's so deep
Follow me in a dream of you, my love
Oh, baby baby - you'll win
Do you think, oh, it's a sin
Loving me to ecstasy?

If I feel love
I say alright
'cause I know baby, you make my night
If I feel love
I say okay
'cause baby ever you hold me
Yes means that you love for ever
You will dance in heavy weather
No means that I'll be so lonely
'cause you're the one, the one and only

Hunters baby will survive
You will have a better life
Follow me in a dream of you, my love
Oh, baby baby - you'll win
Do you think oh, it's a sin?
Loving me to ecstasy
