

C & C Music Factory, Waiting For A Star To Fall

Boy Meets Girl

Waiting for a Star to Fall

I hear your name whispered on the wind

It's a sound that makes me cry

I hear a song blow again and again

Through my mind and I don't know why

I wish I didn't feel so strong about you

Like happiness and love revolve around you

Trying to catch your heart

Is like trying to catch a star

So many people love you baby

That must be what you are

Waiting for a star to fall

And carry your heart into my arms

That's where you belong

In my arms baby, yeah

I've learned to feel what I cannot see

But with you I lose that vision

I don't know how to dream your dream

So I'm all caught up in superstition

I want to reach out and pull you to me

Who says I should let a wild one go free

Trying to catch your heart

Is like trying to catch a star

But I can't love you this much baby

And love you from this far

Waiting for a star to fall

And carry your heart into my arms

That's where you belong

In my arms baby, yeah

Waiting (however long...)

I don't like waiting (I'll wait for you...)

It's so hard waiting (don't be too long...)

Seems like waiting (makes me love you even more...)

Waiting for a star to fall

And carry your heart into my arms

That's where you belong

In my arms baby, yeah
