C & C Music Factory, Waiting For A Star To Fall

Boy Meets Girl Waiting for a Star to Fall I hear your name whispered on the wind It's a sound that makes me cry I hear a song blow again and again Through my mind and I don't know why I wish I didn't feel so strong about you Like happiness and love revolve around you Trying to catch your heart Is like trying to catch a star So many people love you baby That must be what you are Waiting for a star to fall And carry your heart into my arms That's where you belong In my arms baby, yeah I've learned to feel what I cannot see But with you I lose that vision I don't know how to dream your dream So I'm all caught up in superstition I want to reach out and pull you to me Who says I should let a wild one go free Trying to catch your heart Is like trying to catch a star But I can't love you this much baby And love you from this far Waiting for a star to fall And carry your heart into my arms That's where you belong In my arms baby, yeah Waiting (however long...) I don't like waiting (I'll wait for you...) It's so hard waiting (don't be too long...) Seems like waiting (makes me love you even more...) Waiting for a star to fall And carry your heart into my arms That's where you belong In my arms baby, yeah
