

C.K.Y, Bam Margera's skateboarding song

You know what makes me happy
The things that make you sad
The feel that I controls absorbed by the radio jag
I found my indecision
The product of the media grime
The feel that I control have you press rewind
And now I'm on the wings
Hoping that you'll hear
Don't bother to respond
You love to hear me again
And when the sun beams down all of your eyes
Close, close, yeah close the light
The sky's all grey in the barracks I know I'm a lousy hero
The classic i can feel is that of a memory
And you are peering down through parascopic eyes
Close, close, yeah close (conscience)
I try to hide the fact that I'm afraid
We'll drive the band to Shippensburg and hope that we get played
And in the end of a season the voices turn it all off
The things that were so meaningless 'til the next one comes along
I try to hide the fact that I'm afraid
We'll drive the band to Shippensburg and hope that we get played
