

# C21, Don't Wanna Wait

Get this feeling when you are near  
Cant believe it  
The way you make me feel  
Ive been trying to fool myself  
But I cant deny it

I never felt this way before  
I just cant hold it back no more

Yeah yeah

I dont wait another day  
I wanna hold you here and now  
For always hey yeah  
Im gonna find a way to  
Tell you tonight  
Cuz I dont wanna wait  
Another day

Yeah yeah yeah yeah

Torse and turning in my bed  
Thoughts of you keep spinning in my head  
Cant keep playing all these games  
All Im saying

Is I never felt this way before  
I just cant hold it back no more

I dont wait another day  
I wanna hold you here and now  
For always hey yeah  
Im gonna find a way to  
Tell you tonight  
Cuz I dont wanna wait  
Another day

I dont wanna keep you from my heart  
And what it is has to say  
I dont wanna wait untill tomorrow  
Its to late

I dont wanna wait  
I just wanna hold you here and now  
Yeah yeah  
For always yeah  
I must find a way to tell you tonight

I dont wait another day  
I wanna hold you here and now  
For always hey yeah  
Im gonna find a way to  
Tell you tonight  
Cuz I dont wanna wait  
Another day

I dont wanna wait  
Wait another day  
I just wanna hold you here and now

I dont wanna wait  
Wait another day  
I must find a way to tell you tonight

I must find a way  
Cuz i dont wanna wait  
Another day
