

# Cabaret Noir, Radio Waves

I can not be certain of  
Any event or place  
Moving without effort  
We will do the job for you  
You've seen a strawberry  
Mr Robinson behave  
Mr President says  
That everything is under control

We normally use  
Only ten percent of our minds  
Try the new color-stay lipstick  
That won't dry your lips  
Nothing seems true today  
But the death of the golden fish

Radio control  
No will Tv  
Media control  
You are not free  
You are not free

I choose not to choose life  
And the reasons  
There's no reason!  
Who needs reasons  
&quot;To be or not to be&quot;;  
Where is the point!  
Drink &quot;magic beer&quot;;  
And be stronger  
But who do you think you are  
The cinema is an invention without a future

Radio control  
No will Tv  
Media control  
You are not free

I can not be certain of
