

Cable, Not Today I'm Not

Not today i'm not
Said the greasy disgrace of a man
You're the biggest f**kin' loser in town, f**k.
Cheapest f**kin' hooker in town, f**k.

I can sell you a coke.
But you can't use my telephone.

I just want to get out of this place
Hell is in Missouri.

I've had my fill of coffee & pills,
Give me another smoke.
If you only knew the nightmares i've had
While sleeping in your bed.

You can f**k your southern hospitality,
There's gotta be more than
One way to run to Georgia.
Gonna run those dogs through your heart.
