

Cadaveres De Tortugas, Hate (Rap Version)

I wanna kill you, yes I wanna do it
I hate you, you are a piece of shit
It's time to your muthaf**kin' die
This is a f**kin' question that why
You know it I know it this is right
What I want is a muthaf**kin' fight
Between you and me F.I.G.H.T.
The question is to be or not to be

I only can say that get the f**k out
And do not open your muthaf**kin' mouth
I hate you I hate you, yes I do
I'll kick your head, it's said but true
I'll knock you out, so come on, let's fight
There's nobody on your muthaf**kin' side
I'm angry and hungry and want you to die
Just say your life goodbye and cry

The hate - I have, what I have

The hate I have is a negative power
I am strong 'cause I know you're sucka
I am strong like my man Shaq
I'll beat you down with a hard attack
You make me sick your head like a dick
Now you can't play your dirty trick
'Cause you haven't got muthaf**kin' time
What I will do it's the perfect crime

So I will kill you, that's right, exactly
Are you a bunny, come on and hit me
Here comes my friend your muthaf**kin' end
Just say a wrong word and you are dead
I won't make an ass out of my mouth
Don't cry like a baby, come on let's fight
The hate I have is a negative power
You are dead muthaf**ka, game over
