

Cadaveres De Tortugas, Smiling Killer Eyes

What will bring me hope
I see the death of my soul
That's sure, that not your smile
You can't say me that was all

I see my fear in your eye
That brings shadow to my life

Reality - used to be a friend of lies
Reality - there's no other choice of mine
Reality - that's what I see in your eye
Reality - f**k you & kill me o'right

With your Smiling Killer Eyes

The evil and poor side of your life
That's what I see in killer eyes

Why can't you realize
It's my life what you deny
Yeah, that's the aim of my fight
And you can't deny it only try
