

Cadaverous Condition, Fall Apart

I can't see you falling
I can't see you turn and fall apart
It's not easy for you but now
You have no choice it's gone
You can't make it on your own
Time will ease you
From just a little harmless fun
But this is how it's gonna be
And this is my goodbye

You, did you think about me too
Did you hear me when I fell for you
But I say goodbye to you

I can't hear you crying
I can't see you trying to discard
All the good times but now
You know we'll both move on
Most times not lost but gone
Burnt out and faded
From just a little harmless fun
This is how it's gonna be
And this is my goodbye

You, did you think about me too
Did you hear me when I fell for you
But I say goodbye to fun
Just a little harmless fun
This is how it's gonna be
And this is my goodbye

You, did you think about me too
You, you're my angel, darling, you
You did you think about me too
Did you hear me when I fell for you
But I say goodbye to you
Did you think about me too
Did you hear me when I fell for you
But I say goodbye to you.
