

# Cage, Psychotically Deranged

[Music: Dave Garcia]

[Lyrics: Sean Peck]

When you feel scared or problems arise you need someone to hypnotize he will look in your mind  
Instant induction a visual splash merging of emotions done so fast  
Addictions in rewind.

He'll mentally molest you  
Professionally trained  
His evil will infest you.  
Psychotically deranged

With an impression he'll make you sing neural linguistic programming  
Who knows what he will find  
Best to make sure nothing goes wrong  
His power of suggestion is so strong  
Your will he'll try to bind.

He'll mentally molest you  
Professionally trained  
His evil will infest you.  
Psychotically deranged

He'll destroy your mental wall through hypnosis hear his call.  
Hear his call  
Hear his call.  
Telling your future by reading your past  
Past life regression removing yor mask

Feeding the frenzy that swarms in your head  
What you're revealing is best left unsaid.  
I'll snap my fingers then you'll awake  
Your problems will linger  
Your money I'll take.

So soothing the voice so bank are the eyes  
It's all designed to mesmerize  
Relax try to unwind  
He's taking control he just won't let go  
Done in such a way that you'll never know  
You've got such little time

He'll mentally molest you  
Professionally trained  
His evil will infest you.  
Psychotically deranged

Your true protector is your unconscious mind
