

# Cage, Root Of All Evil

[Music: Eric Horton / Dave Garcia]

[Lyrics: Sean Peck]

Something's going wrong  
It formulated in Babylon  
Today we lie trapped on a cross of gold  
How far will we fall  
The color red engulfs us all  
We're sinking and drowning in their greed

Oh no  
Take it away take their power away  
The people are running scared  
Take their power away  
Nobody cares

The Feds who reserve  
Their our master as slaves me serve  
The ones that Christ called the Pharisees  
They've taken control  
Because everything in life is tolled  
Lincoln said money power preys on peace

Oh no  
Take it away  
Take their power away of freedom will start to fade  
Take their power away this prison they made  
The root of all evil you're holding in your hands  
The root of all evil we're victims of their plans

Illuminati, the new world order is now  
The future looks so dark  
Soon they'll ask you to take their mark  
To count you and make you do their deeds  
The youth of today are seeing through these wicked ways  
This system and it's oppression is obsolete

Oh no  
Take it away take their power away  
Jefferson's warning heard  
Take their power away  
Nobody's learned  
The root of all evil you're holding in your hands  
The root of all evil we're victims of their plans  
The root of all evil corrosive currency  
The root of all evil constant usury
