

Cagnet, Hell

What the hell?
Everything is changing,
Everyone's an asshole now.

Why the hell?
Is this life so crappy,
I don't understand how.

Who the hell?
Gives a rat's ass,
Apathy is the key.

When the hell?
Will I grow out of,
The selfish shit that is me.

Chorus:

Am I supposed to feel this way?
Is this just uniform?
I won't try to understand,
What is the norm?

I can't grasp this life now,
Will this be forever,
I can't stand the changes,
Don't want changes,
Don't want changes ever.

What the hell?
I don't get anything,
It's not black and white.

Why the hell?
Am I filled with so much angst,
I put up a fight.

Who the hell?
Do I have,
No one's ever here.

When the hell?
Will I get past this stage,
That I just can't deal with.

Chorus:

Am I supposed to feel this way?
Is this just uniform?
I won't try to understand,
What is the norm?

I can't grasp this life now,
Will this be forever,
I can't stand the changes,
Don't want changes x4

What the hell?
Doesn't make any sense.

Why the hell?
Explain the absense.

Who the hell?

Is ever there.

When the hell?
Will I care?

Chorus:

Am I supposed to feel this way?
Is this just uniform?
I won't try to understand,
What is the norm?

I can't grasp this life now,
Will this be forever,
I can't stand the changes,
Fuck it all.
