

# Cake Bake Betty, Brother

I woke up  
to diseases  
I shut out  
tv screens and  
then I cut  
away sneezing  
then I cut  
??

I am a knight  
I am a color oh  
I am a light  
I am your brother oh

I sat still  
with a syrup  
I feel ill  
it'll clear up  
take my pill  
you don't fear us  
take my pill  
with this syrup

I am a knight  
I am a color oh  
I am a light  
I am your brother oh

Swing  
Swing  
Swing

I climbed hills of chimneys tall like butter  
tall like caverns in my teeth  
and when I came to I did shutter  
We were trying to believe

And when the day has ended  
And when our hearts unfold  
We'll glow like the night sky oh  
We'll glow like centerfolds
