

# Cake Like, Cancer

You're getting sleepy  
Very sleepy  
Soon you're going to fall asleep...  
Just rest relax the drip will drop fast  
You lay down, for the first time  
I am far away  
You say things are not so fine  
It's been an awful day  
Are you okay?  
I wish I could be there  
Ten nine eight seven  
Six five four three two  
- And now you are with me  
Always a lead heart - sad - heart  
How do you feel  
It hurts  
On a good day?  
It hurts  
Is today a good day?  
It hurts
