

# Cake, She'll Come Back To Me

Last night I said to her  
I didn't want to live inside a lie  
If she wants him more than she wants me  
Let this be  
She'll come back to me  
She'll come back to me  
She'll come back  
All day I wait and wait  
To hear her footsteps on my walk-way  
She never came  
She never even called  
She'll come back to me  
She'll come back to me  
She'll come back  
Somehow I know  
It won't last  
Somehow I know  
It won't last too long  
(Instrumental part)  
She'll come back to me  
She'll come back to me  
She'll come back to me  
She'll come back to me
