

Cake, She'll Come Back To Me

Last night I said to her
I didn't want to live inside a lie
If she wants him more than she wants me
Let this be
She'll come back to me
She'll come back to me
She'll come back
All day I wait and wait
To hear her footsteps on my walk-way
She never came
She never even called
She'll come back to me
She'll come back to me
She'll come back
Somehow I know
It won't last
Somehow I know
It won't last too long
(Instrumental part)
She'll come back to me
She'll come back to me
She'll come back to me
She'll come back to me
