

# Calla Lily Band, Take My Hand

Your sky seems so cloudy  
I can barely see a single star  
Your eyes become teary  
And find yourself hiding in the dark

You are not alone  
Someone's here to play your song

Take my hand  
We'll fly to the sky  
Close your eyes, i'm at your side  
Tomorrow's gonna be just fine

Everything's been bitter  
Like there was no reason to smile  
Pieces of dreams have been shattered  
And you feel like you're being left behind

You are not alone  
Someone's here to play your song

Take my hand  
We'll fly to the sky  
Close your eyes, i'm at your side  
Tomorrow's gonna be just fine

Take my hand,  
Close your eyes

Take my hand,  
Close your eyes

Take my hand,  
Close your eyes  
We'll fly

Take my hand  
We'll fly to the sky  
I'll save you from this life  
Im at your side  
Tomorrow's gonna be just fine
