Electro man, Electronic man
Electro man, Electronic woman
I went outside wearing my device
I came back in wearing the same device, as you

Electro man, Electronic man
Electro man, Electronic woman
I went outside wearing my device
I came back in wearing the same device, as you

You don't believe me, but I would go anywhere with you
I would go anywhere with you
Uh uh
I would go anywhere with you
I would go anywhere with you

You don't believe me, but I would go anywhere with you
I would go anywhere with you
Uh uh
I would go anywhere with you
I would go anywhere with you
