

# Cameo, Why Have I Lost You

Today I'm just a lonely man  
But tomorrow I'll be a king  
Blessing all my subjects  
Cast afar and securities

The whole wide world will watch me  
As I walk up to my throne  
Nights in shining armor  
Stand around to heed my call

But wait a minute  
I'm still lonely  
I guess anyone can dream  
But when you lose someone it seems  
So unimportant

Although every person changes  
Different times and different ways  
But never all the same

Chorus 2x:  
Tell me why(Why)  
Have I lost you(Have I lost you baby)  
Why(why)  
Tell me ooohhhhhh
