## Camila Cabello, First Man

[Verse 1]

Yes I'm gonna stay with him tonight I'll see you in the morning No of course, he won't drink and drive Can you say bye to mom for me? Oh you'll like him, he's really kind And he's funny like you sometimes And I found someone I really like Maybe for the first time

[Pre-Chorus 1] No I don't need a jacket It's not that cold tonight And you worry, I get it But he's waiting outside

[Chorus 1] I swear on my heart That he's a good man I know you'll stay up late Just waiting for me You held me so tight Now someone else can But you were the first man that really loved me

[Verse 2] Now you're driving to the airport Not just me you pick up anymore I've got eight days off coming up And I can only come home for four

[Pre-Chorus 2] Yeah I just met his family They're just like you and mom He makes me really happy I think he might be the one, oh

[Chorus 2] I swear on my heart That he's a good man I promise he loves me He'd never hurt me You held me so tight Now someone else can But you were the first man that really loved me Now you're on the driveway Faking a smile You wish you could tell him he doesn't deserve me So I had to stop the car and turn around To tell you you were the first man that really loved me

[Bridge] And before the open up the doors I say I've never seen you cry before You say "You've never looked so beautiful You know you'll always been my little girl"

[Chorus 3] You're looking at me, while walking down the aisle With tears in your eyes, maybe he deserves me You don't even know how much it means to me now That you were the first man that really loved me, that really loved me You really love me
