

# Camilla, Bye Bye Forever

Ah chiki chiki ah  
Ah chiki chiki ah  
Ah chiki chiki ah  
Ah chiki chiki ah ah  
Ah chiki chiki ah  
Ah chiki chiki ah  
Ah chiki chiki ah  
Ah chiki chiki ah

You and me together  
seemes so good but people did not know  
about the secret  
We tried to hide even from ourselves  
And I wonder what it was that kept me holding on  
So much hurting  
Didn't know what I know now

Baby can't you see it's  
thank you and bye bye forever  
I didn't know what I was looking for  
I should'a known we couldn't stay together

Things I did I don't do no more  
Thank you and bye bye forever  
I see no reason why we should go on  
Cause now I'm doing so much better  
Things I did I don't do no more  
Thank you and bye bye forever

Ah chiki chiki ah  
Ah chiki chiki ah  
Ah chiki chiki ah  
Ah chiki chiki ah

Every time I see you  
I try to think of good times that we had

It's not easy when all the love you gave me was untrue  
Look at me now  
Here I am standing on my own  
Don't you play with me  
Didn't know what I know now  
Baby can't you see it's  
thank you and bye bye forever

I didn't know what I was looking for  
I should'a known we couldn't stay together  
Things I did I don't do no more  
Thank you and bye bye forever

I see no reason why we should go on (should go on)  
Cause now I'm doing so much better  
Things I did I don't do no more  
Thank you and bye bye forever

And now when you're done breaking my heart  
I don't need you anymore  
Time to move on  
Now when you're gone

Never, never ever said goodbye before  
Thank you and bye bye forever

I didn't know what I was looking for (looking for)  
Should'a known we couldn't stay together (together)  
Things I did I don't do no more  
Thank you and bye bye forever

I see no reason why we should go on  
Cause now I'm doing so much better  
Things I did I don't do no more  
Thank you and bye bye forever
