

# Camille Jones, Here Comes Maddy

Now, here's a girl who knows the game  
She plays it well and has no shame  
But if I  
I could  
Then I  
I would  
She may have taken all my pride  
Well, I know she took the one, that I liked  
But if I  
I could  
Then I  
I would  
But here comes Maddy  
She's just like I thought she'd be  
She got a hair so pretty  
Wish I could be Maddy  
She role her eyes and gives a smile  
And making all the boys go wild  
But if I  
I could  
Then I  
I would  
But here comes Maddy  
She's just like I thought she'd be  
She got a hair so pretty  
Wish I could be Maddy  
There'll be a day  
Maybe some time in November  
I'm gonna save  
Girl, you're too good not to remember  
This ain't a game  
Well, you should do what you do  
But if I  
I could  
Then I  
I surely would  
And if I  
I could  
But here comes Maddy  
She's just like I thought she'd be  
She got a hair so pretty  
Wish I could be Maddy  
But here comes Maddy  
Wish I could be Maddy  
She's just like I thought she'd be  
'Cause she got a hair so pretty  
Wish I could be Maddy  
Oh, oh, no  
Oh, oh, no..
