

# Camouflage, They Catch Secrets

They live in a world just for their own  
And keep secrets  
Hopelessly isolated in a group

Give me your hand  
And find solutions  
Try to loose your distance  
Waiting is a tantalizing thing

Illness institutions won't pay for them  
The whole time  
For someone only suicide shows away

Give me your hand  
And find solutions  
Try to loose your distance  
waiting is a tantalizing thing

When they catch secrets.
