

# Camper Van Beethoven, Heart

Oh, watch what you say  
You're breaking my heart  
Oh, watch what you do  
You're tearing me apart  
I, I hear what you say  
I see what you do  
Please, please won't you tell me  
That you will stay

When, when we first met  
Well I fell for you  
You, you said "But first  
To me you must be true."  
Well I, I kept my word  
But you don't seem to care  
Please, please won't you tell me  
That you will stay

Oh, watch what you say  
You're breaking my heart  
Oh, watch what you do  
You're tearing me apart  
I, I hear what you say  
I see what you do  
I see you going  
Please, please won't you tell me  
That you will stay
