

# Cancerslug, Alter Of Sacrifice

dark star is calling  
black moon is filling up the endless sky  
and death is comming for you  
black robes i can hear the little babies cry  
on the alter of sacrifice  
cry on the alter of sacrifice

the drums beat warnings  
you feel your end in sight  
and death is comming for you  
black robes i can hear the little babies cry  
on the alter of sacrifice  
cry on the alter of sacrifice

dont let it fade away,  
dont let it fade away,yeah  
dont let it fade away,yeah  
dont let it fade away...
