

# Cancerslug, Me

i am shit but at least i am me.  
i am scarred with malfunction disease.  
i am blackness of heart, mind, and soul.  
i am that whick you cannot control.

i am shit but at least i am me.  
i am scarred with malfunction disease.  
i am blackness of heart, mind, and soul.  
i am that whick you cannot control.

i am shit but at least i am me.  
(suffer til the end)  
i am scarred with malfunction disease.  
i am blackness of heart, mind, and soul.  
(suffer til the end)  
i am that whick you cannot control.
