

# Candlemass, The Day And The Night

I woke up with a scream in my throat  
Something evil I saw then I choked  
Never thought I would dream of LaVey  
And never see the light of day

Then the dawn reeked of swine like a slut  
I'm in bed as the light goes so dim  
And the globe of ascent turned to sut  
A new night came rolling in

When you come I greet you  
We are the same  
And we make love  
In the dark

You can hide, I see you  
The night's alive, I know  
To survive, I need you  
And you need me

You're cruel and corrupt  
Please make it stop  
I should be fast asleep but I'm still up  
Nowhere to run  
I know it has begun  
I'm not sure I'll see tomorrow's sun

I ride the mare  
To hell and back  
In this madness  
I sweat and burn

Every night I'm sleepless  
Every hour a spell  
Every minute a lost life  
A year in hell

Yes, the day is the czar of the night  
And the moon is the sun's other side  
So the night is the scar of the day  
And the shit won't go away

Sometimes long and wonderful  
Sometimes cool and full of soul  
Sometimes crude and grim and foul  
The day is warm, the night is cold so cold

Lost in the dark  
I'm lost in the dark
