Canibus, The Dream Collab

(Canibus)

Àiyo I move like my shadow is weightless

Expose myself like a faceless, plastic surgery patient

Transmitting from an undisclosed location

Pirate stations with phantom frequency modulations

My throat-pistol spit ghost-signals

And you never get the antidote from me, cause I bit you

Slap you with a jagged crystal, cause my energy emit through

Anything metallic, even a pencil

Feel the bush burn, turn your cornrow into a good perm

My flat-feet with no curves squish worms

The bad news is I got a tight flow

The good news is I just switched to Geico

This is Hip-Hop nigga

Listen to the voice go drip-drop nigga

Swimmers in my saliva river drown when I give it to them

The hemispheres of my brain got a river through it; gray-matter fluid

The mic is a spark-plug

When I grab it, I glow, come with that Edelbrock carburetor flow

When I choke back the yolk full-throttle and go for broke

I've become a G.O.A.T. ripper on a positive note

Waves engulfed my boat but I managed to float Swim to the coast, make a new ark from oak Build a bonfire and smoke, pounds of 'dro My own rhyme scarred my throat, torn is how I'll be remembered by most From now 'til the day that I croak
