

Canned Heat, World Of Make Believe

I've seen behind the curtain where the phony wizard hides
Now I'm going through the looking glass in search of paradise
I know there's more than meets the eye, 'cause I've seen it in my dreams
I'm livin' in a world of make believe

I've been searchin' and searchin' and I've come to the conclusion
That this everyday world is just an optical illusion
I've found the focus is adjustable, it's clear enough to me
I'm livin' in a world of make believe

--- Guitar Solo ---

I can take it where I want it, I can take it there now
It's an anyway world for anybody, anyhow
I know you can change your point of view, you can take it from me
I'm livin' in a world of make believe

I've seen behind the curtain where the phony wizard hides
And I've been through the looking glass in search of paradise
I know there's more than meets the eye, you can take it from me
I'm livin' in a world of make believe
I'm livin' in a world of make believe
