

Cannibal Corpse, Chaos Horrific

Awakened by the sound of footsteps
An awful feeling somethings wrong
Nightmare emerges from the darkness
Shrieks of horror inside these walls
The heart is pounding try to escape
Bony hands scratch and claw
The acrid stench of death surmounting
Survival tactics initiate

Stay alive
Grotesque morbid threat
Don't want to die
Dead alive
From the dirt they rise
To eat the living

In search of weapons for protection
Anything that might kill these things
An axe, a knife, a machete
Only defense start butchering
Without thought they are hacked to pieces
Barbaric brutality won't stop
Heads and limbs fly in all directions
Invasion will end in death again

Stay alive
Grotesque morbid threat
Don't want to die
Dead alive
From the dirt they rise
To eat the living
Traumatized
Seeing only red
Through blood shot eyes
Purify
All these wretched beasts
Saved from demise
Chaos horrific
The undead walk the earth
Chaos horrific
In search of brains and flesh
Chaos horrific
Carnivorous attack
Chaos horrific
Apocalyptic plight

Self exhumed zombies
Set to consume life
Conquer these corpses
Eternal fight

Infinite dead
Infinite dread

Self exhumed zombies
Set to consume life
Conquer these corpses
Eternally fight

Infinite dead
Infinite dread
