

Cansis, Kiss Me (orginal club mix)

i remember
one day maybe was the best day of my life
you came to my heart
my eyes wide open to you
i feel warm behind you take my hand inside
kiss me kiss me kiss me again
I feel you and that one day I start to love
yes girl, yes girl I love you more than me at all
touch my lips and got this picture you still remember
kiss you kiss you kiss you again
