

Cantatonia, Beautiful Sailor

Who can treat your pain, leave it late, it don't matter
Who can treat your pain, leave it late, it don't matter

Beautiful sailor
Beautiful sun
You went and shut the whole thing down

Cast out with your line, cut it now, it don't matter
Cast out with your line, cut it now, it don't matter

Beautiful sailor
Beautiful sun
You went and shut the whole thing down

Baby I'm lost in open
Pressure rising in this storm
Down...

Cast out with your line, cut it now, it don't matter
