

# Cape, Only Love

If ever there is something you should tell me  
If ever there is something I should know  
If ever you begin to fall, I'll be right behind you  
to pick you back up, baby,  
I'll be there  
No matter where  
My heart belongs to you

(only love) only love will make it better  
(only love) only love can make it now  
(only love) hold on and just believe it, if you want it right now  
(only love) only love will make it better  
(only love) and I know we can find it somehow  
Love will give you all you need  
And you can get it right now  
Only love will make it (make it, make it)

Whenever your nights are cold and lonely  
When there is something to make you cry  
When the day begins to fall  
I'll be right beside you to give you a smile, baby  
I'll be there  
No matter where  
My heart belongs to you

(only love) only love will make it better  
(only love) only love can make it now  
(only love) hold on and just believe it, if you want it right now  
(only love) only love will make it better  
(only love) and I know we can find it somehow  
Love will give you all you need  
And you can get it right now  
Only love will make it (make it, make it)

You know it's all up to you (it's up to you)  
And there is nothing love can't do  
No matter when  
No matter where  
We'll be waiting here for you

(only love, love)

(only love) only love will make it better  
(only love) only love can make it now  
(only love) hold on and just believe it, if you want it right now  
(only love) only love will make it better  
(only love) and I know we can find it somehow  
Love will give you all you need  
And you can get it right now  
Only love will make it (make it, make it)
