

# Capharnaum, Fractured

Christened as the abomination  
Held down in his godly pose  
Stitch me in conformity's slab  
Embroider my flesh in mechanical mode  
I'm crucified for my existence  
Nailed in obscurity  
Coerced compliance  
Why is this  
Way I must exist  
So let it be known  
That all conviction  
Will bring the end  
Of heathen flesh  
Pull me to the stake  
Dragged kicking and screaming  
Pull me to the stake  
Crucify my and my ignorance  
As the flames torch me clean  
My end becomes so clear  
As the flames purify  
Free at to finally burn
