(Tragedy Khadafi)

From forty one - twelve, to the U.S.A. buiding in Iraq

My crew bust back, we're cap peeling

Your crew dealing, in a box with no feeling

Informer type, that's what you get for squealing

It's the money or the morgue son, ready to die

Black Infiniti, yo, papi, call Ki

The coke connect - don't trust us, he wanna touch us

So call Russ, tell him, scoop me in the Lexus

It's all good, in the 'hood, nobody know shhh

Infrared, off the roof, some ol' scope shhh

CNN, desert men, holding the chrome with gorilla grip

Sing Sing, straight convict

Strap the door, C-4, detonating shhh

Blow the spot, don't give a fuck who you go and get

We want the yay-yo

And the cash that's in the stash, strip his Tommy drawers

Yo, check the crack of his ass

(Noreaga) You on some homo shhh?

Nah kid, we on some real shit

Since we here, we might as well get all of it

Inshallah allahu akbar supporter

CNN, desert men supreme order(word)

(Capone)

A kassi(???) , three and a quarter, Arab Nazi

Me and shorty from the Mecca, having a session

Play the Shark Bar, sipping on French connection

On the rocks, son, hit me on the box

Time to hit the spot, regulate the whole fucking block

(Tragedy Khadafi)

Grab the gray tape, gag his mouth, leave him for the rats
Stuck him for the yay-yo couldn't get the money back

(Capone)

So where you at?

(Tragedy Khadafi)

Meet me uptown, by the polo ground
Strapped with the vest, plus I got the 4-pound
Tell Caduece(tell who?), bring the A.K.(wha?),
so y'all can hold me down

(Capone)

Aight kiko, I'ma meet you in a hour, keep the free power close
Gotta get dun, and we ghost
Met papi in Iraq(huh?), then winged by the back
Opened up the trunk, and threw in the big gat
Took off, threw the skully mask over the dome
We war prone, desert men tactics all shown
Met on 1-5-2, now we figure,
Looking for that rich Dominican with that gold act vigor
Chico, he got porico(???), little do he know
We sticking him for all of his dough(nigga)

Chorus:

(Tragedy) This ain't your ordinary sh thug sh, that you used to, Q.U.

(Noreaga) We stick you, we supposed to

(Tragedy) Not your ordinary sh thug sh that you used to, Q.U.

(Noreaga) We stick you

(Noreaga)

Yo, for years I been buying my coke from the same cat
Gherri curl nigga, Dominican nigga who look Black
As I think back, transform coke to crack
Yo amigo, him and Rico, they got Borico(???)
Son I know the spot, like the back of my hand
Networked the plan, we sticking him and his man
Working zip-lock, pop the lock, flee the spot
Grab the knot, national(hurry up! hurry up!),
tell Willy come and get me on 160
I got three people with me, with trenches
We uptown waiting on the benches
The cab taking long, Dominicans coming strong
Claiming that it's on, from dusk 'til dawn
We right across the street, they don't see us
Ay yo, our Cuban disguise, it got us looking like we Jesus
Inshallah, we flee the spot mega far
Jump up in Willy's car, and scream "Alhumdu Allah!"
25 people lost sleep, the other 25 lost heat(snitching)
A gave up Luis, and said it wasn't worth it
The CNN drug circuit, (yo) blind fold
Pass the gray tape, regulate, cowboy rope strapped
To the chair, stay there, he just a power ranger
That snitched on me while in danger
Noreaga, treat that ass like a stranger
Yo - yo yo -

Chorus

Stick you, and him too - you and you

(Bitch ass nigga)

Got you back, got you back

We got you back - from sellin' that fake yak
