

Caravan, Corner Of Me Eye

Saw you at the corner of me eye on second day
Wondered what I'd done wrong but I stayed there anyway
Saw you in the classroom and I saw you in the street
Knew your name and knew your face and landed on me feet

Oh, we was dancing!
Oh, was romancing!
Oh, we was dancing!
Oh, couldn't chance it

You were going out with someone I called me best friend
Tried to look him in the eye, it's useless to pretend
Saw you in the classroom and I saw you in the street
Knew your name and knew your face and landed on me feet
