

# Caravan, Watcha Gonna Tell Me

Watcha gonna tell me if you're not growing old?  
Think about the love that's lost when I'm all alone  
Give a little thought to all the times that we had  
Can't you see what you're doing to me?  
Don't you know it makes me really sad?

Watcha gonna tell me when the night fades away?  
Where you gonna run to in the cold light of day?  
Think about it now cause it might get you, you know  
Seems to me if you wanna be free  
Then I'll have to let your loving go
