

Cardi B, Best Life (Ft. Chance the Rapper)

[Intro: Chance the Rapper]

I'm livin' my best life, yeah, yeah

I'm livin' my best life

Made a couple M's, you know (IGH! Huh!)

[Chorus: Chance the Rapper]

Said I'm livin' my best life

Said I'm livin' my best life

Made a couple M's with my best friends

Turned all my L's into lessons

You see the whip pullin' up, it's like "skrrt"

Dreams pullin' up, I'm like "skrrt"

I'm livin' my best life

It's my birthday, at least that's what I'm dressed like

[Verse 1: Cardi B]

I'm like Big Pop' mixed with 2Pac, I'm like Makaveli (Yeah)

You need some, Little Caesar's pizza, I be hot and ready (Woo)

Nigga, you a pussy and a rat, you like Tom and Jerry

Nigga, you ain't ballin', you just talkin', that's that commentary (Huh)

I was in the field, man, I slaved for this (Yeah)

Had to talk to God, dropped down, and prayed for this

To my surprise, He replied, said, "You made for this"

I seen the car I wanted, then I went and paid for it, cash cash

Hit the Tay-K, I hit the race, hit the dash dash

That's when they came for me on Twitter with the backlash

"#CardiBIsSoProblematic" is the hashtag

I can't believe they wanna see me lose that bad

They talkin' junk and they stink, these hoes mad trash

I'm gigglin', can't let the devil have the last laugh

Ain't no more beefin', I'm just keepin' to myself

I'm my own competition, I'm competin' with myself (Brrr)

[Chorus: Chance the Rapper]

I told y'all, I'm livin' my best life (Woo)

I told y'all, I said I'm livin' my best life (Ayy)

I made a couple M's with my best friends

Turned all my L's into lessons (Skrrt, skrrt, skrrt)

You see the whip pullin' up, it's like "skrrt" (Like skrrt)

Dreams pullin' up, it's like "skrrt" (Like skrrt)

I'm livin' my best life

It's my birthday, at least that's what I'm dressed like (Chance, I'm the rapper)

[Verse 2: Chance the Rapper]

You don't like money, I can see it your eye

You don't like winnin', I can see it in your tie

Better be careful with these women when you trickin', send it fly (Sheesh)

She count money in her sleep and she don't ever spend the night

But she trappin' and she had to make it happen for her life

Don't be mad because she havin', shit, you had it your whole life

We had baggage on our flight, we had badges on our asses

You got passes in your life, you had gadgets on your bike

God work magic, God work magic, God work magic in my life (Woo)

And that guala like Iyanla 'cause that bag just fixed my life (Woo, woo)

And y'all know good and damn well I don't want no champagne (Woo)

But can we please get some more champagne? (Ugh)

Please, no Andre, G like 'Venchy

Reach like 'Bron James, pep talk from Yoncé

'Member my hands had ash like Pompeii

Now they hold cash, won't peak like Dante

[Chorus: Chance the Rapper]

I told y'all, I said I'm livin' my best life

I told y'all, I said I'm livin' my best life (Ayy)

I made a couple M's with my best friends

Turned all my L's into lessons (Skrrt, skrrt, skrrt)
You see the whip pullin' up, it's like "skrrt" (Skrrt, skrrt, like skrrt)
Dreams fillin' up, I'm like "skrrt" (Like skrrt)
I'm livin' my best life
It's my birthday, at least that's what I'm dressed like

[Verse 3: Cardi B]

I said I never had a problem showin' y'all the real me
Hair when it's fucked up, crib when it's filthy
Way-before-the-deal me, strip-to-pay-the-bills me
'Fore I fixed my teeth, man, those comments used to kill me
But never did I change, never been ashamed
Never did I switch, story stayed the same
I did this on my own, I made this a lane
Y'all gotta bear with me, I been through some things
Went from small-ass apartments to walkin' red carpets
Pissy elevators, now every dress is tailored
This some real-life fairy tale Cinderella shit
I got further than them hoes said I will ever get
And that only goes to show that only God knows
I took pictures with Beyoncé, I met Mama Knowles
I'm the rose that came from the concrete and arose
I'm like gold, I'm life goals, man, I'm chosen, I'm floatin', ayy

[Chorus: Chance the Rapper]

I told y'all, I said I'm livin' my best life
I told y'all, I said I'm livin' my best life (Ayy)
I made a couple M's with my best friends
Turned all my L's into lessons (Hey, hey, hey, hey, hey)
You see the whip pullin' up, it's like "skrrt" (Like skrrt)
Dreams pullin' up, I'm like "skrrt" (Like skrrt)
I'm livin' my best life
It's my birthday, at least that's what I'm dressed like

[Outro: Chance the Rapper]

Skrrt skrrt, it's goin' down right now
Skrrt skrrt, Jamie Foxx in your town like
Skrrt skrrt, money pilin' up, man
All the blessings comin' down
You don't know 'bout nothin' (You don't know)
You don't know 'bout nothin' (Ayy)
You don't know 'bout nothin'
You don't know 'bout nothin' (I told y'all, I told y'all)
You don't know 'bout nothin' (I t-, I told y'all, I told y'all)
You don't know 'bout nothin' (Told y'all, I t-, I told y'all)
You don't know 'bout nothin' (You don't know)
You don't know 'bout nothin'
You don't know 'bout nothin' (Ayy, ayy, ayy, ayy)
You don't know 'bout nothin' (Ayy, ayy, ayy, ayy)
You don't know 'bout nothin' (Ayy, ayy, ayy, ayy)
You don't know 'bout nothin' (Ayy, ayy, ayy, ayy)
