

# Cardi B, I Gotta Hurt You

[Verse 1]

You know  
I could love you with all my heart  
You're my baby and  
And I love you I just  
I just feel the need to hurt you  
Maybe I'm scorn  
Maybe I need a therapist  
Maybe I'm petty  
I just

[Bridge]

I want to hurt you  
I want to hurt you  
I want to hurt you  
I need to make you sure you remember me forever  
E-e-e-e-ever  
E-e-e-e-ever  
E-e-e-e-ever  
(I was raised well)  
E-e-e-e-ever  
E-e-e-e-ever  
E-e-e-e-ever  
I want to hurt you  
I want to hurt you  
I want to, I want to hurt you  
I want to hurt, hurt, hurt  
I want to hurt you  
(Forever)  
I want to hurt you  
I want to, I want to hurt you  
(Forever)  
I want to hurt, hurt, hurt, hurt  
I want to hurt you

[Chorus]

I want to hurt you  
I got to make sure that you feel me  
I need to make sure you remember me forever  
I have to show you

[Verse 2]

Hi there  
My name is, my name is  
Cardi, Cardi, Cardi, Cardi  
I don't know  
I love it  
I love it  
Loneliness  
It fulfills my sorrow  
You may think  
You may think I have no tomorrow  
Its easier to die  
Than to live  
But I will show you  
That I'm strong enough  
To use you and abuse you  
And I'm gonna live  
And I'm gonna win (haha)  
I'm gonna win  
I'm gonna win  
I'm gonna win  
I'm gonna win  
I'm gonna win  
I-I-I-I-I'm go-onna win

[Chorus]  
I want to hurt you  
I got to make sure that you feel me  
I need to make sure they remember me forever  
I have to show you
