

Careless, Everything goes away

Overtired, from the celebration
Is my attitude for the day
Circumcised, masturbation
Do you like it when I talk that way
Passing time, understanding
A prisoner of fate
Broken ties, so demanding
Get up early don't be late
I'm faking it again
It is all in your head
Dont act like there's a consequence
No time to pretend
Get through the bends
Fly right by your circumstance
Cause
Everything goes away
Mesmerised Sunday morning
No answers no complaints
Sanitise your dirty laundry
Uncertain of mistakes
I'm faking it again
It is all in your head
Dont act like there's a consequence
No time to pretend
Get through the bends
Fly right by your circumstance
Cause
Everything goes away
