

# Carl Douglas, Run Back

Looking out on the world, all I see  
Shadows of the girl who meant so much to me  
How I tried, to turn my back on that woman  
Hey! Hey!

(Chorus)  
Run back  
I'm missing you baby  
I'm sad  
You really did hurt me  
Run back  
Make it up baby while we still got time

Every night I lie awake, I'm on the phone  
Forget the fight, wrong or right, I want you home  
In my dreams all I see is that woman  
Hey! Hey!

(Chorus)  
Run back  
I'm missing you baby  
I'm sad  
But it really did hurt me  
Run back  
And make it up baby, while we still got time  
I'm talkin'!

(Chorus)  
Run back  
Here I'm waiting  
I'm sad  
But I can't wait forever  
Don't try  
To take me for granted  
Come and change your mind  
While we still got time

(Chorus)  
Run back  
I'm missing you baby  
I'm sad  
You really did hurt me  
Run back  
And make it up baby while we still got time

(Chorus)  
Run back  
Here I am waiting  
I'm sad  
But I can't wait forever  
Don't try  
And take me for granted  
Come and change your mind

(Chorus)  
Run back  
I'm missing you baby  
I'm sad  
You really did hurt me  
Run back...
