

Carl Smith, If You Want It I've Got It

If you want it baby hmm I've got it I got most anything you want
You call it baby hmm I've got it I got most anything you want

If it's lots of money and if it's lots of fun
Well let me tell you honey I see that it is done
If you want it baby hmm I've got it I got most anything you want
[steel]
If you want it baby...

If it's hugs and kisses the kinds that's on the sly
Well I've got plenty of 'em let you might wanna try
If you want it baby hmm I've got it I got most anything you want
